Timeless European

“

*"For us, it's all about quality over quantity, and creating spaces that are both innovative and timeless. Our whole design ethos is a nod to old-age European culture and our aesthetic is highly influenced by that same elevated ease and warm refinement. Hints why craftsmanship was top of mind while creating this cabinetry line. We needed to prioritize luxury quality, customizability, and ensure the curation had our signature "bespoke" look. The cabinets feel like furniture, and we couldn't love them more."*

A large grid of graph paper for taking measurements. The grid consists of 20 columns and 20 rows of small squares. A vertical line is drawn between the 10th and 11th columns, and a horizontal line is drawn between the 10th and 11th rows, creating a central cross that divides the grid into four quadrants.
